We are very excited that this summer we will be given the opportunity to partner with Moldovan Christians to reach out to hundreds of young people in the poorest country in Europe.

We will do this over 2 weeks in the summer by running youth camps in 2 different villages.

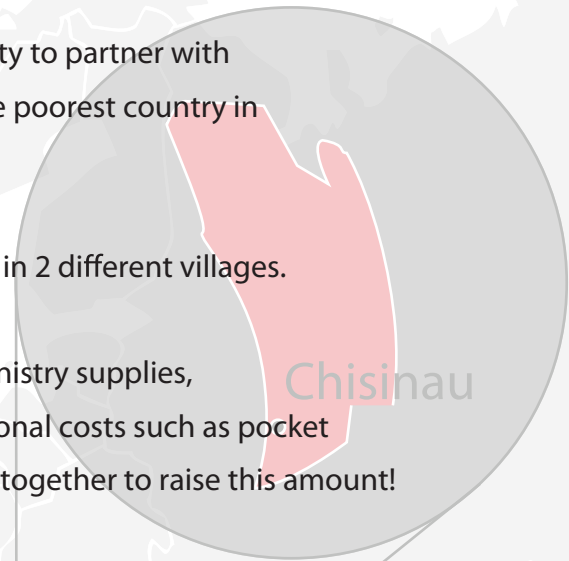

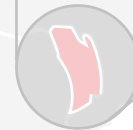

The cost of the trip includes international airfare and other travel, ministry supplies, accommodation, team food, and any training. There are some additional costs such as pocket money, obtaining a passport, and travel insurance, but we will work together to raise this amount!

potential breakdown + costs:

£600 seems like a lot of money, but we believe God will provide for you. Watching God work to get you to Moldova is actually a key part of the whole experience! Here is a potential way the funds could come in:

- £250 your own money from jobs, pocket money, birthday money, etc
- £150 writing to 7-10 family members or friends and asking them to support you
- £200 fundraising initiatives
